Company Profile

PT DJAVA ASIA PASIFIC

About US

PT Djava Asia pasific is a company which focuses on procurement, general trading, fabrication and services It offers various product including raw material, equipment/machine, spare part and bulk material. We serve product with prioritizing best quality, competitive cost and delivery, excellent management and upholding work professionalism.

Construction

Vision

To be the most leading and competitive spare part and raw material trading company in Indonesia with our promise to give supply and service that are efficient, effective and well-organized.

Construction

Mission

1. To establish strong links with customers and to give them best services for high quality items in suitable prices which consumers can afford easily, and seamlessly in delivering our product to strive customer satisfaction.
2. Provide competitive solutions and serving material of industrial sectors.
3. Develop new market, product and expand business in raw material, commodities and engineering equipment.
